

# ASHLEY SURE-PICK

**KENT COMPANY, INC.**  
 P.O. Box 610102  
 Miami, FL 33261-0102

SP-30

SP-38

## Proven Performer Worldwide For Over 40 Years

These reliable Ashley Sure-Picks are unexcelled in quality and service. They are available in three sizes: Model SP-23, SP-30 and SP-38. They will pick to perfection, fryers, fowl, game birds and Turkeys. Ashley Machine Company has been manufacturing quality poultry dressing equipment for over 40 years, and feels that the Sure-Pick is one of the leaders of their complete line of dressing equipment.

The Feather Exhaust, a feature developed by Ashley, helps the processor with feather handling problems. The Automatic Unloading Door is self-closing. The door latch is operated by the start button, which simultaneously starts the timer and opens the automatic water valve. The work shelf, feather exhaust, and automatic door are standard features, however adjustable legs and catch table are optional features for the SP-30 and SP-38 pickers.

### SURE-PICK Model SP23

Designed for quail to large hens. This new Sure-Pick provides small processors a picker low in cost yet retaining the high quality results of our two larger models above.

Model SP23 contains the same features as our larger two models with exception of automatic unloading door and timer is manual.

**Capacity:** Approximately 24 lbs.  
 Quail: 20 to 25 per batch  
 Fryers: 4 to 6 per batch  
 Fowl: 2 to 4 per batch
